

## ABOUT OUR EMPLOYER PLAN

Healthcare membership keeps your employees performing at their best. As a business owner, you're going to love the results: increased productivity, greater job satisfaction, and higher retention. Meanwhile, we promise to impress your employees with our highly personalized healthcare service and unbeatable convenience.

## THE MISSION

Let us work with you to create a plan that meets the total healthcare needs of your employees and reduces your employee benefit expenses.

# HEALTHCARE MEMBERSHIP PLAN FOR EMPLOYERS

For patients with chronic illnesses, such as diabetes or high blood pressure, EBUC's unrestricted access to healthcare can have dramatic - often life-changing - effects on an individual's health.

# 5 Reasons you should enroll your employees into our HealthCare Membership Plan Today

## 1. GIVE EMPLOYEES HEALTHCARE INSTEAD OF JUST INSURANCE

For only \$49/month, you can provide an employee unlimited access to urgent and primary care with a small \$30 copay for each visit. Everyone needs insurance in case of catastrophe, but when you are sick or injured, you need healthcare, not insurance.

## 2. REDUCE EMPLOYEE BENEFIT COSTS

Employers can purchase a less expensive insurance plan (e.g. Bronze Plan), with a higher deductible and use the savings in premiums to purchase a EBUC membership for their employees. In most cases, this will be less expensive than buying insurance with a lower deductible (e.g. Silver Plan).

## 3. MINIMIZE LOST DAYS DUE TO ILLNESS

Members can walk in or make a same-day appointment. We are open seven days a week (M-F 7a-7p and Sunday 9a-5p), so employees can receive same-day care and quickly return to work.

## 4. IMPROVE EMPLOYEE HEALTH MANAGEMENT

Our members see providers whenever necessary to manage their health issues and improve quality of life. By replacing insurance demands with a focus on the patient, we are able to deliver quality care in a comfortable, unrushed setting. Healthy employees are happier and more productive and they ultimately result in lower employer benefit costs.

## 5. MINIMIZE WORKERS' COMPENSATION COSTS

EBUC membership includes walk-in injury care and management services. If an employee is injured on the job, we will evaluate the injury once they arrive at our clinic. If in-house resources can effectively treat the injury, then the cost of this treatment and follow up care is covered by their membership and a workers' compensation claim need not be filed. Otherwise, we will direct the employee to a suitable healthcare provider (e.g. specialist or emergency room) and the employer will need to file a claim.
